

Dennis D. Dvorak

Interim Practice Management- Private Practice, Medical Groups. Hospital Employed and Physician Recruitment/Retention, Healthcare Management Executive

PROFESSIONAL HIGHLIGHTS

- Focus areas are: Medical Group Governance, Finance, Risk, Operations, Strategy and Physician Compensation
- Proven organizational change expertise
- Track record for leading strategic initiatives on time and within budget
- Multi-campus experience includes pivotal role in building physician relationships

Mr. Dvorak is a healthcare management executive with expertise in Group Practice Management at the CEO, COO, Administrator and Director levels. He provides leadership to medical group management entities with a professional, transformational style and a commitment to aligning strategies and goals to outcomes. Experience includes large and small groups, hospital employed, single and multi-specialty settings, for profit and not for profit, residency program, integrated systems and private practices ranging in size from 6 physicians to 150 physicians. Mr. Dvorak's many accomplishments are a result of his hands-on, collaborative approach and an ability to build strong productive teams to achieve organizational priorities.

Interim Experience

Nearly 10 years of interim medical group management services provided in several states including Indiana, Pennsylvania, Wyoming, California, Vermont, Wisconsin, Florida, Georgia, New York, Illinois and Washington; medical groups ranging in size from 6 to 65 and assignments last on average from 3 months to 10 months.

Academic and Professional Credentials

Originally a graduate of Dickinson State University, Dennis completed a Bachelor of Business Administration. Mr. Dvorak is a member of the Medical Group Management Association and the American College of Medical Group Administrators.
